TigerTurf NSW Agent Announcement

TigerTurf is pleased to announce the appointment of **Northern Contracting Group (NCG)** as a TigerTurf agent for football and other large civil sports projects involving TigerTurf synthetic turf in NSW, building on the successful partnership formed in recent years.

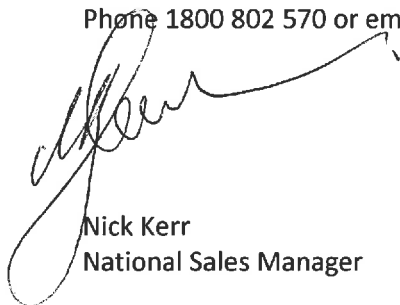

Northern Contracting Group (NCG) is a division of the Davis Contracting Group Pty Ltd. The Davis family has successfully managed civil contracting packages in NSW since 1978. NCG can provide clients with design management and project management services; we also own the specialised plant and equipment required for the construction of synthetic sports field projects.

Football, the world's most popular sport, is now often played on advanced synthetic grass turfs produced by TigerTurf. These synthetic grass turfs have been approved by football's governing body, FIFA.

Northern Contracting Group, in partnership with TigerTurf, can now offer clients in NSW the advantage of fully completed large-scale artificial grass sports facilities, ready for play. The benefits for clients include access to TigerTurf's FIFA-approved football turf systems, FIH-approved hockey surfaces and ITF-certified tennis surfaces, along with the design, build, installation and maintenance expertise of the Northern Contracting Group.

This strong partnership provides clients with a strong and viable option when planning new synthetic grass sporting projects in NSW.
